MEMORANDUM FOR:

25X1

FROM

:

Chief, Technology Transfer Assessment Center

SUBJECT

:

Communist-Owned, US-Chartered Firms

1. I am forwarding for your use an FBI list of firms owned at least in part by Communist countries and chartered in one or more states. The FBI believes this list to be reasonably current and accurate. It does not, however, include Communist commercial companies not incorporated in the US, companies that represent Communist country interests in the US (if there is no direct Communist country ownership) and companies which are covertly controlled by Communist countries. (C)

2. This list is supplied to you for program security purposes and should be treated as counterintelligence information. With these caveats, it may be disseminated to contractor security officers. (U)
